CERTIFICATION SHEET FOR INSTALLED EV CHARGING STATIONS								 <b>Z.E. READY</b>	
<small>This certification sheet certifies technical compliance of the families of products listed below, as well as of their installation processes. It constitutes a necessary pre-condition to the right to use the trademark for the definite term specified above.</small>									
<b>Certified party:</b>		SIMON							
<b>Address:</b>		C/ Lepoeder 300, Barakaldo (SPAIN)							
<b>Technical terms of reference:</b>		ZE READY 1.2B (ZER 10-080a, ZER 15)							
<b>Period of validity:</b>		1 year, renewable							
<b>Renewal: (conditions)</b>		<small>The validity of this certification sheet is renewable automatically for an additional year, unless:            - instances of non-compliance are confirmed that call into question the certified party's compliance undertaking;            - changes to the terms of reference (ZE READY 2), which limit the renewal period, as well as any automatic renewal, beyond the 6-month period after the official cut-off date for the specifications in the new terms of reference.</small>							
<small>The above limitation on the renewal of the certification validity does not preclude any potential extension of the right to use the trademark for a product and its installation on the basis of terms of reference, including past terms of reference, that are deemed sufficient.</small>
